Notes to Condensed Interim Consolidated Financial Statements

Six months ended October 31, 2023 and 2022 (Unaudited - Expressed in Canadian dollars)

1. Nature of operations and going concern

(a) Nature of operations

Izotropic Corporation (the "Company" or "Izotropic") was incorporated in the Province of British Columbia on May 19, 2016, under the Business Corporations Act of British Columbia. The Company's head office is located at 800 – 15355 24 Avenue, Suite 424, Surrey, British Columbia, Canada.

The Company is a research and development company specializing in cancer research and early detection for breast cancer. The common shares of Izotropic are listed on the Canadian Securities Exchange in Canada under the symbol "IZO", on the OTC markets in the USA under the symbol "IZOZF" and the Frankfurt Stock Exchange in Germany under the symbol "1R3".

On April 25, 2017, the Company entered into an agreement with the Regents of the University of California for an Exclusive License Agreement related to breast cancer detection and treatment (Note 9).

(b) Going concern

These consolidated financial statements have been prepared on the basis of accounting principles applicable to a going concern which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. The Company's financial success is dependent on management's ability to raise adequate financing on reasonable terms and to commence profitable operations in the future. The proposed business of the Company involves a high degree of risk and there is no assurance that the Company will identify proper technologies or inventions that will be successful, and even if so identified and warranted, it may not be able to finance such technologies within the requisite time period. At October 31, 2023, the Company had a net working capital deficiency of \$3,604,813 (working capital deficiency April 30, 2023 - \$3,142,827) and has no sources of cash from operations. These factors indicate the existence of a material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. Should the Company be unable to realize its assets and discharge its liabilities in the normal course of business, the net realizable value of its assets may be materially less than the amounts recorded in these consolidated financial statements. These consolidated financial statements do not include adjustments that would be necessary should the Company be unable to continue as a going concern.

2. Significant accounting policies

(a) Basis of presentation and measurement

These condensed interim consolidated financial statements (the "Financial Statements") have been prepared in accordance with International Accounting Standard 34 Interim Financial Reporting ("IAS 34") using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

Notes to Condensed Interim Consolidated Financial Statements

Six months ended October 31, 2023 and 2022 (Unaudited - Expressed in Canadian dollars)

2. Significant accounting policies (continued)

(a) Basis of presentation and measurement (continued)

The Financial Statements should be read in conjunction with the Company's annual financial statements as at and for the year ended April 30, 2023 (the "Annual Financial Statements"). The accounting policies and critical estimates applied by the Company in the Financial Statements are the same as those applied in the Annual Financial Statements. The Financial Statements do not include all the information required for full annual financial statements, however, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the most recent Annual Financial Statements.

The Financial Statements were approved and authorized for issue by the Board of Directors of the Company on December 29, 2023.

(b) Basis of consolidation

The Financial Statements include the accounts of the Company and its controlled entities, Izotropic Imaging Corp., a wholly-owned subsidiary based in Nevada, and Izotropic Development Corp., a wholly-owned subsidiary based in California. The controlled entities are fully consolidated from the date of acquisition, being the date on which the Company obtained control and continue to be consolidated until the date such control ceases. All intercompany balances and transactions have been eliminated upon consolidation.

On April 1, 2022, the Company completed an offering (the "Offering") of unsecured promissory notes ("Notes") in the aggregate principal amount of \$2,050,000. The Notes bear interest at 12% per annum and matured on March 31, 2023. Pursuant to the Offering, the Company issued 826,613 warrants exercisable at a price of \$0.62 per share expiring March 31, 2025.

During the three and six months ended October 31, 2023, the Company made a repayment towards the principal amount of the promissory notes of \$50,000 and \$50,000, respectively (three and six months ended October 31, 2022 - \$Nil and \$Nil, respectively) and interest of \$3,000 and \$3,000, respectively (three and six months ended October 31, 2022 - \$1,500 and \$3,000, respectively) to one of the lenders.

During the three and six months ended October 31, 2023, the Company paid or accrued interest of \$60,500 and \$122,000, respectively, (three and six months ended October 31, 2022 - \$61,500 and \$123,000, respectively) on the Notes.

As at October 31, 2023, included in accounts payable and accrued liabilities were accrued interests of \$56,000 (April 30, 2023 - \$82,000) related to the Notes.

The remaining Note is currently in default and is due and payable on demand. The Company is in discussions with the remaining lender to extend the Note and repay the Note and accrued interest in cash and/or equity in the future.

9. License Agreement

On April 25, 2017, the Company entered into a license agreement (the "License Agreement") with the Regents for the University of California (the "Licensor") which granted the Company an exclusive worldwide license for the Biopsy Systems for breast computed tomography patent and other related patents ("Licensed Patent Rights").

In consideration for the license, the Company paid an aggregate of US\$210,000 (CAD \$275,639) and reimbursed US\$79,872 of patent costs to the Licensor. In addition, the Company agreed to pay the Licensor:

- 2% of total consideration received by the Company within 30 days of the completion of a Change of Control;
- 3% of net sales from the sales of all products produced by the Licensee in connection with the License Agreement and sold by the Company in the U.S.;
- 3% of net sales from the sale of the first 15 commercial sales of all products produced by the Licensee in connection with the License Agreement in any other country excluding the U.S.; and
- 1% royalty of net sales of all methods and services sold by the Licensee in connection with the License Agreement

Six months ended October 31, 2023 and 2022 (Unaudited - Expressed in Canadian dollars)

9. License Agreement (continued)

Under the License Agreement, the Company may grant a sublicense to affiliates of the Company, or to third parties. The Company has agreed to pay the Licensor 25% of any cash consideration, or the cash equivalent of any other form of consideration, due to the Licensee for the grant of rights under a sublicense.

Under the License Agreement, the Company is obligated to further development, manufacture, marketing and sale of products, methods, and services offered by the Company in connection with the License Agreement in quantities sufficient to meet the market demand ("Milestones") as follows:

- submit an application covering a product or service to the U.S. Food and Drug Administration ("FDA") or
 equivalent foreign agency by June 30, 2018. The timeline to accomplish this condition was later revised and
 extended and the Company initially engaged with the FDA in the third quarter of 2020;
- obtain FDA or equivalent foreign agency approval by December 31, 2021. This condition has also been revised
 and timeline extended for up to 7 years. The Company will make annual payments of up to \$15,000 until this
 milestone is accomplished; and
- achieve commercial sale and fill the market demand by June 30, 2022. This milestone timeline has also been revised for up to 7 years based on a number of factors.

If the Company is unable to meet any of the above License Agreement Milestones, the Company has the right to extend the target date of any of the above Milestones by 1 year upon payment of US\$10,000 to the Licensor. The Company has a further right to extend the target date of any Milestones for an additional 1 year for US\$15,000. Under the License Agreement, the total period of time to complete any Milestone must not exceed seven years from the date of the License Agreement, unless the parties mutually agree in writing otherwise. If the Company does not complete a Milestone and does not opt to extend the period to complete the Milestone, or opts to extend the period to complete the Milestone and does not complete the Milestone within the extended time period, then the Licensor has the right to terminate the License Agreement, or reduce the Company's exclusive License to a non-exclusive license.

10. Fair value of financial instruments

As at October 31, 2023, the Company's financial instruments consist of cash and cash equivalents, accounts payable and accrued liabilities, promissory notes payable and lease liability. The carrying amounts of cash and cash equivalents and accounts payable and accrued liabilities approximate fair value due to their immediate or short-term maturity. The carrying values of promissory notes and lease liability were measured at the effective interest rate which approximate fair value.

11. Financial instruments risk

The Company is exposed to a variety of financial instrument related risks. The Board mitigates these risks by assessing, monitoring and approving the Company's risk management processes.

(a) Liquidity risk

As at October 31, 2023, the Company's contractual obligations consist of:

	Total	<1 year	1 - 3 years	3 – 5 years
	\$	\$	\$	\$
Accounts payable and accrued liabilities	1,838,362	1,838,362	-	-
Promissory notes	2,000,000	2,000,000	-	-
Lease liability	74,886	41,178	33,708	-
	3,913,248	3,879,540	33,708	-

Liquidity risk is the risk that the Company will not be able to meet its financial obligations associated with its financial liabilities as they come due. The Company's approach to managing liquidity risk is to ensure that it has sufficient liquidity to settle obligations and liabilities when they are due. As at October 31, 2023, the Company had working capital deficiency of \$3,604,813 (April 30, 2023 – \$3,142,827). The Company's promissory note which matured on March 31, 2023 is currently in default and due on demand. The Company is pursuing additional sources of financing to ensure that it can meet its ongoing operating requirements and development of its product. There is no assurance that additional financing will be available on terms acceptable to the Company, if at all. Notes 1(b)

(b) Currency risk

Currency risk is the risk that foreign exchange rates will fluctuate significantly from expectations. The Company's exposure to currency risk arises from its operations in the US where payments to vendors and consultants are in local currency. Further, the Company holds a portion of its cash in currencies other than Canadian. To manage this risk, the Company holds as small of an amount as practical in foreign currencies.

The operating results and financial position of the Company are reported in Canadian dollars. As the Company operates in an international environment, some of the Company's financial instruments and transactions are denominated in currencies other than the Canadian dollar. The results of the Company's operations are subject to currency transaction and translation risks.

The Company holds cash in Canadian and US dollars. The Company's main risk is associated with fluctuations in the US dollars, and assets and liabilities are translated based on the foreign currency translation policy described in Note 2(c) to the Annual Financial Statements.

The Company has determined that an effect of a 10% increase or decrease in the USD against the Canadian dollar on financial assets and liabilities, as at October 31, 2023, including cash, accounts payable and accrued liabilities and lease liability denominated in USD, would result in an increase or decrease of approximately \$103,658 to the net loss and comprehensive loss for the six months ended October 31, 2023 (2022 - \$Nil).

11. Financial instruments risk

(b) Currency risk (continued)

At October 31, 2023, the Company had no hedging agreements in place with respect to foreign exchange rates. The Company has not entered into any agreements or purchased any instruments to hedge possible currency risks at this time.
